

Partner Agreement

Last Updated: March 2026 · Version 1.0 · Applicable to all UBIQCURE Partner categories

Last Updated: March 2026 | Effective Date: March 2026

BY REGISTERING

BY REGISTERING ON THE UBIQCURE PLATFORM AND COMPLETING THE EMPANELMENT PROCESS — INCLUDING TICKING 'I ACCEPT' AND VERIFYING YOUR OTP — YOU CONFIRM THAT YOU HAVE READ, UNDERSTOOD, AND AGREE TO BE LEGALLY BOUND BY THIS PARTNER AGREEMENT AND ALL SCHEDULES APPLICABLE TO YOUR CATEGORY. THIS IS A LEGALLY VALID ELECTRONIC ACCEPTANCE UNDER THE INFORMATION TECHNOLOGY ACT, 2000. IF YOU DO NOT AGREE, DO NOT PROCEED WITH REGISTRATION.

This Partner Agreement sets out the terms under which individuals, professionals, and organisations may offer their services on the UBIQCURE Platform, operated by SIDVIR PRIVATE LIMITED. It applies to all partner categories and comes into effect automatically when you complete the empanelment registration.

IMPORTANT

This is a live webpage. By clicking 'Register as Partner' or 'Complete Empanelment' anywhere on this website or the UBIQCURE app, you are agreeing to the terms on this page. Please read all sections, including the Schedules below, before registering.

Partner Portals

Every partner category on UBIQCURE has a dedicated portal — a separate login and dashboard built for that role. When you register in a category, UBIQCURE creates your account on the relevant portal and sends you your login credentials. The nine portals are:

#	Portal	Who Uses It	What They Do
1	Doctor Portal doctor.ubiqcure.com	Partner Doctors (In-Clinic and Virtual Clinic)	Manage OPD slot schedule, view and call patient queue, conduct virtual consultations, issue digital prescriptions, view earnings statement, update profile and availability.
2	UBIQ-Saathi Doctor Portal saathi.ubiqcure.com	UBIQ-Saathi Doctors	View assigned school camps, mark geo-attendance on camp day, review student health forms submitted by nurses, enter clinical remarks, digitally sign and lock student records, raise amendment requests.
3	UBIQ-Saathi Nurse Portal saathi.ubiqcure.com	UBIQ-Saathi Nurses and Paramedics	View assigned camps, mark geo-attendance, fill prescribed-parameter health forms for each student, submit forms for doctor review, access camp equipment checklist.
4	Hospital Admin Portal hospital.ubiqcure.com	Hospital and Clinic Administrators	Manage the hospital/clinic profile, add and manage listed doctors, monitor and manage the live OPD queue dashboard, view booking reports.
5	Diagnostic Centre Portal lab.ubiqcure.com	Diagnostic Centre Administrators	Manage test catalogue, receive and track bookings, assign phlebotomists for home collection, upload test results (structured values + PDF report), view delivery status.
6	Doctor Associate Portal doctor.ubiqcure.com	Associates authorised by a Partner Doctor	Perform day-to-day operational tasks on behalf of the linked Doctor — including updating availability, managing the queue dashboard, confirming patient arrivals, updating running-late status, and basic profile updates. Associates cannot issue prescriptions or sign health records.
7	School Portal school.ubiqcure.com	School Administrators, Teachers, and Incharges	Manage school profile, upload student lists, view school-level and class-level health analytics, track parental consent status, access camp information, view health screening reports.
8	Parent Portal parent.ubiqcure.com	Parents and Guardians of students	View children's eHRC health reports, access health score and analytics, manage uploaded health documents, grant or withdraw consent, receive health alerts, access vaccination tracker.
9	Nodal Agent Portal nodal.ubiqcure.com	Nodal Agents and BDEs	View and submit school leads, track school pipeline status, monitor milestone progress, download pitch materials, view payout statements.

i NOTE

Each portal has role-based access. You can only see and do what your portal and role allow. Your login credentials are sent to your registered phone and email after your empanelment is approved by UBIQCURE. If you are a Doctor Associate, your login is created by your linked Doctor from within the Doctor Portal.

What This Agreement Covers

- Clause 1 — Definitions
- Clause 2 — Partner Categories
- Clause 3 — Empanelment and Verification
- Clause 4 — Your Obligations
- Clause 5 — UBIQCURE's Obligations
- Clause 6 — Payouts
- Clause 7 — Intellectual Property
- Clause 8 — When This Agreement Ends
- Clause 9 — Liability
- Clause 10 — Dispute Resolution
- Clause 11 — General Terms
- Schedule A — UBIQ-Saathi: Doctor
- Schedule B — UBIQ-Saathi: Nurse / Paramedic
- Schedule C — Partner Doctor: In-Clinic Appointments
- Schedule D — Partner Doctor: Virtual Clinic
- Schedule E — Diagnostic Centre / Laboratory
- Schedule F — Hospital / Clinic
- Schedule G — Nodal Agent / BDE
- Schedule H — Doctor Associate

i NOTE

For any question about this Agreement, contact us at partners@ubiqcure.com or call +91-9151003350, Monday to Saturday, 9 AM to 7 PM IST.

Clause 1 — Definitions

The following terms have the meanings set out below throughout this Agreement:

Term	Meaning
Agreement	This Partner Agreement and all Schedules on this page, as updated by UBIQCURE from time to time with notice to the Partner.
Applicable Law	All laws, regulations, guidelines, orders, and notifications applicable in India — including the IT Act 2000, SPDI Rules 2011, DPDP Act 2023, NMC Act 2019, NMC Telemedicine Practice Guidelines 2020, Clinical Establishments Act 2010, Consumer Protection Act 2019, Arbitration and Conciliation Act 1996, CERT-In Directions 2022, GST Act, and Income Tax Act 1961.
Camp	A scheduled on-site health screening visit by the UBIQ-Saathi team to a school campus under UBIQCURE's eHRC service.
Confidential Information	All non-public information shared between the Parties — including patient data, student health records, business plans, and trade secrets.
Data Fiduciary	UBIQCURE, as the entity that determines the purpose and means of processing personal data under the DPDP Act 2023.
Data Processor	The Partner, processing personal data on behalf of UBIQCURE solely to deliver services booked through the Platform.
Doctor Associate	An individual authorised by a Partner Doctor to perform operational and administrative tasks on the Platform on the Doctor's behalf.
eHRC	Electronic Health Report Card — UBIQCURE's annual child health screening service for schools, covering prescribed health parameters per student.
Empanelment	The process by which UBIQCURE verifies a Partner's credentials and approves them to offer services on the Platform.
NMC	National Medical Commission of India, established under the NMC Act 2019.
Partner	Any individual, professional, firm, or entity that has completed the UBIQCURE empanelment process under this Agreement.
Partner Category	UBIQ-Saathi (Doctor), UBIQ-Saathi (Nurse/Paramedic), Partner Doctor (In-Clinic), Partner Doctor (Virtual Clinic), Diagnostic Centre, Hospital/Clinic, Nodal Agent/BDE, or Doctor Associate.
Patient	Any individual accessing the Platform to avail of healthcare services.
Platform	The UBIQCURE digital health ecosystem — www.ubiqcure.com , mobile apps, portals, and all associated technology.
Payout	The amount remitted by UBIQCURE to the Partner for services rendered, after applicable statutory deductions.
RMP	Registered Medical Practitioner — a doctor with a valid, current registration with the NMC or any State Medical Council of India.
Schedule	A section at the end of this page containing specific terms for a Partner Category.
UBIQ-Saathi	UBIQCURE's field health workforce — verified doctors and nurses/paramedics who conduct eHRC health screening camps at schools.
UBIQID	The unique identity code assigned to each registered Partner and user on the Platform.

Clause 2 — Partner Categories

UBIQCURE has eight Partner Categories. When you register, you select the category that applies to you. The General Clauses (1–11) apply to every category. Each category also has a Schedule at the bottom of this page with additional specific terms.

Schedule	Category	Summary
Schedule A	UBIQ-Saathi — Doctor	Lead health screening at schools. Review all student health data and digitally sign each student's record.
Schedule B	UBIQ-Saathi — Nurse / Paramedic	Collect and record prescribed health parameters per student during eHRC camps using the UBIQCURE app.
Schedule C	Partner Doctor — In-Clinic	Offer in-person consultations through UBIQCURE's slot booking and live queue management system.
Schedule D	Partner Doctor — Virtual Clinic	Provide NMC-compliant video consultations and issue digital prescriptions through UBIQCURE's Virtual Clinic.
Schedule E	Diagnostic Centre / Laboratory	Accept test bookings, manage home sample collection, and upload structured digital test results.
Schedule F	Hospital / Clinic	List OPD slots for online appointment booking and manage patient queues through UBIQCURE.
Schedule G	Nodal Agent / BDE	Refer schools to UBIQCURE's eHRC service and earn milestone-based payouts on successful conversions.
Schedule H	Doctor Associate	Perform day-to-day operational and administrative tasks on the Platform on behalf of a linked Partner Doctor.

i NOTE

You may register under more than one category. For example, a doctor may register as both a Partner Doctor (Schedules C and/or D) and a UBIQ-Saathi Doctor (Schedule A). Each Schedule applies independently to the relevant service.

Clause 3 — Empanelment, Verification, and Onboarding

3.1 Application and Approval

Completing the Partner registration form on this website or the UBIQCURE app is an application for empanelment. Empanelment is not automatic — it requires UBIQCURE's approval following credential verification. UBIQCURE reserves the right to approve or reject any application at its sole discretion without giving reasons.

3.2 What UBIQCURE Verifies Before Approving You

Partner Category	Documents and Credentials Verified
UBIQ-Saathi — Doctor	MBBS/MD degree certificate; NMC or State Medical Council registration (cross-verified on the NMC public portal); Aadhaar or PAN; professional photograph.
UBIQ-Saathi — Nurse / Paramedic	GNM or B.Sc Nursing or equivalent certificate; Indian Nursing Council or State Nursing Council registration; valid identity proof.
Partner Doctor (In-Clinic / Virtual)	MBBS/MD or higher degree; current NMC/State Medical Council registration; proof of clinical practice; identity proof; professional photograph.
Diagnostic Centre / Laboratory	Establishment licence; NABL/NABH certificate where applicable (cross-verified with the NABL portal); GST registration; owner/director identity proof.
Hospital / Clinic	Clinical establishment certificate; at least one listed RMP's valid NMC registration; establishment licence; GST registration.
Nodal Agent / BDE	Valid PAN card; bank account details; identity proof (Aadhaar, driving licence, or passport); self-declaration of no criminal antecedents.
Doctor Associate	Authorisation letter from the linked Partner Doctor, confirming the Associate's name and scope of access; identity proof.

3.3 Your UBIQID and Portal Access

Once approved, UBIQCURE will assign you a unique UBIQID, publish your profile with a 'Verified Partner' badge where applicable, and send your login credentials to your registered phone and email. You are responsible for keeping your profile information accurate and up to date at all times. Doctor Associates do not have a public profile — their access is configured by their linked Doctor.

3.4 Annual Re-Verification

UBIQCURE re-verifies Partner credentials at a minimum once per year, and additionally when any licence is due for renewal, a patient or school complaint is received, or a regulatory change affects eligibility. You must cooperate fully and promptly with all re-verification requests.

Clause 4 — Your Obligations

4.1 What You Confirm When You Register

By completing the UBIQCURE Partner registration and accepting this Agreement, you confirm that:

1. You have full legal capacity and authority to enter into this Agreement.
2. All information you provided during registration is accurate, complete, and not misleading.
3. You hold, and will maintain throughout your empanelment, all licences, registrations, and accreditations required by law for the services you offer.
4. For RMPs: your NMC or State Medical Council registration is valid and current, with no suspension, cancellation, or disciplinary proceedings.
5. You are not subject to any insolvency or bankruptcy proceedings.
6. You have not been convicted of any criminal offence involving fraud, moral turpitude, violence, or offences relating to patients or minors.

4.2 Keeping Your Credentials Valid

7. Comply with all Applicable Laws and professional codes of conduct at all times.
8. Maintain all licences and registrations in force and renew them before expiry without interruption to your services on the Platform.
9. Notify UBIQCURE at partners@ubiqcure.com within 48 hours of: (a) any suspension, cancellation, or adverse action on any licence or registration; (b) any criminal charge, FIR, or regulatory proceeding against you; (c) any material change in your ownership or business structure.
10. For RMPs: comply with the NMC Code of Medical Ethics 2002 and, where applicable, the NMC Telemedicine Practice Guidelines 2020 at all times.
11. For Diagnostic Centres: maintain NABL/NABH accreditation without lapse and notify UBIQCURE within 24 hours of any suspension or withdrawal.

4.3 Delivering Your Service

12. Deliver services through the Platform to the same standard of care and diligence as in your regular professional practice.
13. Not treat patients or schools booked through UBIQCURE less favourably than those served through other channels.
14. Not encourage or redirect patients or schools to transact outside the Platform. This is a material breach of this Agreement and grounds for immediate termination.
15. Keep your availability, slot schedules, and profile information current and accurate. Repeated unexplained cancellations may result in suspension.

4.4 Patient and Student Data — Your Responsibilities

16. All patient and student health data accessed through the Platform belongs to the respective patient, parent, or student. UBIQCURE is the Data Fiduciary under the DPDP Act 2023. You act as a Data Processor with no independent right to retain or use such data beyond delivering the booked service.
17. You must not: (a) store, copy, or transmit patient or student data outside the UBIQCURE Platform or your own professional records required by law; (b) use such data for commercial, research, or marketing purposes; (c) contact patients or students outside the Platform for commercial purposes.
18. You must implement appropriate safeguards to prevent unauthorised access to patient data in your possession.

19. Notify UBIQCURE at partners@ubiqcure.com within 24 hours of any actual or suspected data breach or security incident.

20. Your confidentiality obligations survive the end of this Agreement for 5 years.

4.5 What You Must Not Do

- Provide false, misleading, or fraudulent information to any patient, student, parent, school, or to UBIQCURE.
- Engage in abuse, harassment, discrimination, or inappropriate conduct towards any patient, student, parent, school administrator, or UBIQCURE staff.
- Offer, receive, or facilitate any bribe, kickback, or improper payment in connection with services on the Platform.
- Sub-contract or delegate the performance of services on the Platform to anyone without UBIQCURE's prior written consent.
- Defame or make false statements about UBIQCURE, the Platform, or other UBIQCURE partners.
- Use UBIQCURE's brand name, logo, or intellectual property for any purpose not expressly permitted by this Agreement.
- Attempt to access or interfere with any part of the Platform's technology or systems beyond what is needed to deliver your registered services.
- Solicit or attempt to redirect UBIQCURE's other registered partners to a competing platform.

Clause 5 — UBIQCURE's Obligations to You

5.1 Platform Access

UBIQCURE will give you access to your relevant partner portal after empanelment. UBIQCURE will use commercially reasonable efforts to keep the Platform available, subject to scheduled maintenance (with advance notice) and events outside UBIQCURE's control.

5.2 Verification and Your Profile

UBIQCURE will verify your credentials before approving empanelment, display a 'Verified Partner' badge on your profile, and re-verify annually. If any credential lapses, UBIQCURE will remove the badge and notify you.

5.3 Bookings and Notifications

UBIQCURE will route patient and school bookings to you based on your configured availability and location and will send you timely notifications of all new bookings, changes, and cancellations via your portal, SMS, email, and push notifications.

5.4 Payouts

UBIQCURE will process your Payouts in accordance with Clause 6, provided your account is in good standing and you have provided accurate bank details.

5.5 Support

UBIQCURE provides partner support at partners@ubiqcure.com and +91-9151003350, Monday to Saturday, 9 AM to 7 PM IST. Routine queries are addressed within 48 hours. Urgent operational matters — such as camp-day issues or platform access failures — within 4 hours.

5.6 Training and Materials

UBIQCURE will provide onboarding training, user guides, and instructional materials suited to your Partner Category. Updated materials will be shared whenever significant platform changes are made.

Clause 6 — Payouts

6.1 Payout Schedule

Partner Category	Payout Basis	When You Are Paid
UBIQ-Saathi — Doctor	Per camp completed and data locked by UBIQCURE's Medical Officer	Within 7 working days of camp data lock
UBIQ-Saathi — Nurse	Per camp completed	Within 7 working days of camp data lock
Partner Doctor (In-Clinic + Virtual)	Monthly — all completed consultations	Settlement on the 15th of every month
Diagnostic Centre	Monthly — all completed and delivered tests	Settlement on the 15th of every month
Hospital / Clinic	Monthly — all completed appointments	Settlement on the 15th of every month
Nodal Agent / BDE	Per milestone achieved — see Schedule G	Settlement on the 15th of every month
Doctor Associate	Not applicable — Associates do not receive direct payouts from UBIQCURE	—

6.2 Payment Method

All Payouts are made via NEFT/RTGS to the bank account registered in your partner portal. You are responsible for keeping your bank account details accurate and up to date. UBIQCURE is not liable for any delay caused by inaccurate or outdated bank details.

6.3 Tax Deduction

UBIQCURE will deduct Tax Deducted at Source (TDS) under the Income Tax Act, 1961 as applicable and will issue TDS certificates (Form 16A) quarterly. Each Partner is solely responsible for their own income tax, GST where applicable, and professional tax.

6.4 Disputing a Payout

If you believe a Payout is incorrect, raise a written dispute with UBIQCURE at partners@ubiqcure.com within 15 days of the Payout date. Disputes raised after 15 days are treated as accepted. UBIQCURE will investigate and respond within 15 working days.

6.5 Recovery of Overpayments

If UBIQCURE makes an erroneous overpayment, UBIQCURE may recover the excess from future Payouts or by written notice. You must repay any overpaid amount within 15 days of receiving a recovery notice.

6.6 When UBIQCURE May Withhold a Payout

UBIQCURE may withhold a Payout (in whole or part) if: (a) your account is under investigation for misconduct or breach; (b) a required licence has lapsed; (c) a patient complaint related to the relevant booking is under investigation; or (d) you have outstanding liabilities to UBIQCURE. UBIQCURE will notify you within 48 hours and release withheld amounts once the matter is resolved.

Clause 7 — Intellectual Property

7.1 UBIQCURE Owns the Platform

All intellectual property relating to the Platform — including the UBIQCURE brand, logo, trademarks, software, health analytics models, eHRC formats, and all associated designs — is exclusively owned by SIDVIR PRIVATE LIMITED. Registering as a Partner gives you only a limited, non-exclusive, non-transferable right to use the Platform portal to deliver your registered services. No other rights are granted.

7.2 We May Display Your Profile

By submitting your profile during registration, you grant UBIQCURE a non-exclusive, royalty-free licence to display your name, photograph, qualifications, and service details on the Platform and in UBIQCURE's promotional materials to promote your services to patients and schools. This licence ends when your empanelment is terminated.

7.3 Patient and Student Data Belongs to Them

All patient and student health data belongs to the respective patient, parent, or student. Neither you nor UBIQCURE owns this data. You may only access it as a Data Processor for the specific service booked through the Platform. You must not use it for any research, analytics, or commercial purpose without explicit written consent.

7.4 Feedback

If you share feedback or suggestions about the Platform, UBIQCURE may use them freely without restriction or any obligation to you.

Clause 8 — When This Agreement Ends

8.1 Start Date

This Agreement starts on the date UBIQCURE approves your empanelment and continues until ended by either party under this Clause.

8.2 If You Want to Leave

You may end this Agreement at any time with 30 days' written notice to partners@ubiqcure.com. During the notice period, you must honour all confirmed bookings and pending camp commitments.

8.3 If UBIQCURE Ends the Agreement With Notice

UBIQCURE may end this Agreement with 30 days' written notice to you without giving a reason. UBIQCURE's only obligation in this case is to pay any outstanding Payouts for services you have already delivered.

8.4 If UBIQCURE Ends the Agreement Immediately

UBIQCURE may end this Agreement immediately and without notice if:

- Your NMC registration, NABL/NABH accreditation, establishment licence, or any other required credential has been suspended, cancelled, or allowed to lapse.
- You are found — after investigation — to have engaged in fraud, misrepresentation, patient harm, or serious professional misconduct on the Platform.
- A criminal case involving fraud, moral turpitude, violence, or offences against patients or minors has been registered against you.
- You have materially breached this Agreement — including redirecting bookings outside the Platform, violating data protection obligations, or any prohibited conduct under Clause 4.5.
- You have become insolvent or entered into any arrangement with creditors.
- Your continued empanelment would expose UBIQCURE to regulatory risk, reputational harm, or legal liability.

8.5 Suspension

UBIQCURE may suspend your Platform access while investigating a complaint, a lapsed credential, or a potential breach. UBIQCURE will notify you of the reason within 48 hours. A suspension will not last more than 60 days — after which UBIQCURE will either reinstate you or proceed with termination. No new bookings will be assigned during suspension. Payouts for services delivered before suspension are not withheld unless Clause 6.6 applies.

8.6 What Happens When This Agreement Ends

On termination: your portal access is revoked; your profile is removed from public search; outstanding Payouts for services already delivered are processed within 30 days; you must immediately stop using UBIQCURE's brand and intellectual property; and both parties must return or destroy each other's Confidential Information (except where retention is required by law). Your obligations under Clauses 4.4 and 7 continue after this Agreement ends.

Clause 9 — Liability

9.1 You Protect UBIQCURE

You agree to indemnify and hold harmless SIDVIR PRIVATE LIMITED and its directors, officers, and employees from all claims, liabilities, damages, and expenses (including legal fees) arising from:

21. Any negligent, fraudulent, or unlawful act or omission by you in delivering services through the Platform.
22. Any breach of this Agreement by you.
23. Any violation by you of Applicable Law.
24. Any clinical decision, prescription, diagnosis, or treatment you provide to a patient.
25. Any third-party claim arising from your unauthorised use of the Platform.

9.2 UBIQCURE's Liability Is Limited

- UBIQCURE is a technology platform that connects patients, schools, and healthcare professionals. UBIQCURE is not a healthcare provider, medical institution, hospital, or your employer.
- UBIQCURE is not liable for any indirect, incidental, consequential, or punitive damages arising from this Agreement or your use of the Platform.
- UBIQCURE's total liability to you will not exceed the total Payout amounts paid to you in the three months before the relevant claim.
- UBIQCURE is not liable for delays or failures caused by events beyond its reasonable control — including natural disasters, government orders, pandemics, internet outages, or third-party service failures.

9.3 Clinical Decisions Are Your Responsibility

All clinical decisions, diagnoses, prescriptions, and treatment recommendations made by any RMP Partner are the sole and exclusive responsibility of that RMP. UBIQCURE has no role in supervising or directing any clinical decision and bears no clinical liability.

Clause 10 — Dispute Resolution

10.1 We Try to Resolve It Together First

If a dispute arises from this Agreement, both parties will first attempt to resolve it through good-faith discussions within 30 days of a written notice from either party.

10.2 Arbitration

If unresolved after 30 days, either party may refer the dispute to binding arbitration under the Arbitration and Conciliation Act, 1996. A sole arbitrator will be mutually appointed — or, if the parties cannot agree, appointed by the Chairman of the Lucknow High Court Bar Association. Seat: Lucknow, Uttar Pradesh. Language: English. The decision is final and binding.

10.3 Governing Law and Courts

This Agreement is governed by the laws of India. Subject to Clause 10.2, the courts of Lucknow, Uttar Pradesh have exclusive jurisdiction.

10.4 Urgent Relief

Nothing in this Clause prevents either party from seeking urgent injunctive or interim relief from a court where data protection, confidentiality, or intellectual property is at immediate risk.

Clause 11 — General Terms

11.1 You Are an Independent Contractor

You are an independent contractor. This Agreement does not create an employment relationship, agency, partnership, joint venture, or franchise between UBIQCURE and you. You are solely responsible for your own statutory contributions (PF, ESIC, professional tax, income tax) and professional insurance.

11.2 This Is the Complete Agreement

This Agreement, including all Schedules, is the complete agreement between you and UBIQCURE on this subject. It replaces all prior negotiations, conversations, and agreements, whether written or verbal.

11.3 Updates to This Agreement

UBIQCURE may update this Agreement or any Schedule with 30 days' written notice via email or a notice in your portal. Your continued use of the Platform after the effective date means you accept the changes. If you do not accept, you may end this Agreement under Clause 8.2.

11.4 If One Part Is Invalid

If any provision is found to be invalid or unenforceable, that provision is severed and the rest of the Agreement continues in full force.

11.5 No Waiver

If UBIQCURE does not enforce a provision on one occasion, that does not mean UBIQCURE has given it up permanently. A waiver must be in writing and signed by an authorised UBIQCURE representative.

11.6 You Cannot Transfer This Agreement

You cannot assign or transfer your rights or obligations under this Agreement without UBIQCURE's prior written consent. UBIQCURE may transfer this Agreement to any affiliate, subsidiary, or business acquirer with 30 days' notice to you.

11.7 How to Contact UBIQCURE Formally

Send formal notices to: partners@ubiqcure.com or 403, Skyline Plaza, Sushant Golf City, Lucknow, Uttar Pradesh – 226030. UBIQCURE will send formal notices to the email address and postal address you registered. Email notices are treated as received once delivered.

11.8 Events Outside Our Control

Neither party is liable for delays or failures caused by events beyond their reasonable control — including natural disasters, government orders, pandemics, internet outages, or third-party service failures.

11.9 Anti-Bribery

You must not offer, promise, give, request, or accept any bribe, kickback, or improper advantage in connection with this Agreement. You will comply with all applicable anti-corruption laws including the Prevention of Corruption Act, 1988.

11.10 Language

This Agreement is written in English. In any conflict between the English version and a translation, the English version prevails.

☒ BY REGISTERING

BY COMPLETING THE UBIQCURE PARTNER REGISTRATION PROCESS — INCLUDING TICKING 'I ACCEPT THE PARTNER AGREEMENT' AND VERIFYING YOUR OTP — YOU CONFIRM THAT YOU HAVE READ AND AGREE TO ALL THE TERMS IN THIS AGREEMENT INCLUDING ALL APPLICABLE SCHEDULES. THIS IS A LEGALLY BINDING ACCEPTANCE UNDER THE INFORMATION TECHNOLOGY ACT, 2000. NO SEPARATE PAPER SIGNATURE IS REQUIRED.

Schedule A

UBIQ-Saathi — Doctor (eHRC Camp Physician)**i NOTE**

This Schedule applies to you if you are registering as a UBIQ-Saathi Doctor. All General Clauses above also apply. By registering in this category, you agree to all terms below.

A.1 What This Role Involves

As a UBIQ-Saathi Doctor, you lead UBIQCURE's medical team on eHRC camp day. You are responsible for the clinical quality of all prescribed-parameter health screenings. You review every student's data entered by the Nurse and digitally sign and lock each student's health record. Your digital signature is the official clinical authorisation for the eHRC report.

A.2 Eligibility

- MBBS degree or higher (MD, MS) from an NMC/MCI-recognised institution.
- Valid, current NMC or State Medical Council registration — not expired, not suspended, and not under any adverse disciplinary order.
- You must opt in to the eHRC Camp service in your portal after empanelment.
- Minimum availability of 2 camp days per month in your registered service zone.
- Ability to use a smartphone or tablet for digital review and e-signing on camp day.

A.3 Your Obligations on Camp Day

26. Arrive at the assigned school at the designated reporting time and mark geo-attendance via the UBIQCURE app — this includes GPS location capture and a selfie.
27. Do not begin any health screening activity until the app confirms your geo-attendance is recorded.
28. Allocate classes to the UBIQ-Saathi Nurses and oversee the orderly and timely conduct of the screening.
29. Review every student's prescribed-parameter health form. Independently verify all out-of-range values before signing.
30. Enter a clinical remark of a minimum of 50 characters for every student.
31. Select a Referral Recommendation for every student: No Action Required / Monitor / Refer to Specialist / Urgent Referral.
32. For Urgent Referrals: provide a clinical justification of at least 100 characters.
33. Digitally sign each student's health record using your 6-digit PIN. Your signature permanently locks that record.
34. Do not sign any record without genuinely reviewing it. Rubber-stamping — signing without actual clinical review — is a material breach of this Agreement, will result in permanent disempanelment, and may be reported to the relevant Medical Council.
35. Complete the signing of all assigned students before leaving the campus.

A.4 Correcting a Signed Record

Once signed, a student's record cannot be edited through normal portal access. If you identify a genuine error, submit a formal Amendment Request via your portal. UBIQCURE's Medical Officer will review it and, if approved, add a correction note. The original signed value is never deleted — only annotated.

A.5 Payout

Your payout per camp is calculated based on the number of students whose records you sign, at the rate agreed in your individual empanelment offer. Payment is made within 7 working days of the camp data being locked by UBIQCURE's Medical Officer. TDS is deducted under the Income Tax Act, 1961 where applicable.

Schedule B

UBIQ-Saathi — Nurse / Paramedic (eHRC Camp Data Collector)**i NOTE**

This Schedule applies to you if you are registering as a UBIQ-Saathi Nurse or Paramedic. All General Clauses above also apply.

B.1 What This Role Involves

As a UBIQ-Saathi Nurse, you are UBIQCURE's primary data collector on camp day. You physically examine each student and record all prescribed health parameters in the UBIQCURE app, then submit each student's completed form for the Doctor's review and digital signature.

B.2 Eligibility

- GNM (General Nursing and Midwifery) or B.Sc Nursing from a recognised institution; OR a final-year nursing student with your institution's approval.
- Valid registration with the Indian Nursing Council (INC) or the applicable State Nursing Council.
- Freshers and recent graduates are eligible and actively welcomed.
- Ability to use a smartphone or tablet to enter health data during the camp.
- Willingness to travel to schools within the service zone assigned to you at empanelment.

B.3 Your Obligations on Camp Day

36. Arrive at the assigned school at the designated reporting time and mark geo-attendance via the UBIQCURE app.
37. Complete the equipment checklist in the app before beginning any screening.
38. Fill the prescribed-parameter health form for each assigned student using only the structured digital inputs in the app. Free-text clinical entries are not permitted (except where explicitly marked as allowed).
39. When the app flags a value as out of range, confirm you have double-checked the measurement before proceeding.
40. If a parameter cannot be assessed, select 'Not Assessed' and choose the correct reason from the dropdown. Excessive 'Not Assessed' entries without valid reasons will negatively affect your quality rating and future camp assignments.
41. Submit each student's form for Doctor review promptly and do not allow a backlog of more than 10 unreviewed forms at any time.
42. Maintain the dignity, privacy, and respect of every student throughout the screening.

B.4 Payout

Your payout is a fixed per-camp-day amount specified in your individual empanelment offer, regardless of the number of students screened. Payment is made within 7 working days of camp data lock. A UBIQCURE Certificate of Service is issued after each camp for your professional portfolio.

Schedule C

Partner Doctor — In-Clinic Appointments**i NOTE**

This Schedule applies to Partner Doctors offering in-clinic consultations. All General Clauses above also apply.

C.1 How This Service Works

You list your consultation slots on UBIQCURE. Patients find you, book a time online, and pay through the Platform. On the appointment day, the patient arrives at your clinic. UBIQCURE's real-time queue system lets waiting patients track their position from their phone so they arrive only when their turn is near.

C.2 Doctor Associates

As a Partner Doctor, you may authorise one or more Doctor Associates to manage day-to-day operational tasks on your behalf through the Doctor Portal. Your Associate can update your availability, manage the queue dashboard, confirm patient arrivals, and handle profile updates. Your Associate cannot issue prescriptions, conduct consultations, or sign health records. You are responsible for all actions taken by your Associate on your account. See Schedule H for the Doctor Associate's full terms.

C.3 Your Obligations

43. Set up and keep current your working days, hours, slot duration, buffer time, maximum daily patients, and consultation details on the Platform.
44. Honour all appointments booked through the Platform. Habitual cancellations will result in suspension.
45. See patients within a reasonable time of their booked slot. If you are running late, update the 'Running Late' status on your dashboard so patients are informed.
46. Issue all prescriptions through the UBIQCURE prescription module — NMC-compliant, with digital signature and verification QR code.
47. Do not direct patients who booked through UBIQCURE to pay outside the Platform.

C.4 Payout

Your payout is processed monthly for all completed consultations. The exact payout rate is specified in your individual empanelment offer.

Schedule D

Partner Doctor — Virtual Clinic (Telemedicine)**i NOTE**

This Schedule applies to Partner Doctors offering virtual consultations. It applies in addition to the General Clauses. You must read and comply with the NMC Telemedicine Practice Guidelines, 2020 in full.

D.1 Your NMC Compliance Obligations

NMC Guideline	What You Must Do
Patient Identity Verification	Verify the patient's identity before the consultation. UBIQCURE's OTP-based UBIQID login satisfies this. You may additionally request face verification on video for first-time patients.
No Recording	Do not record the video consultation by any means — audio, video, or screen capture. UBIQCURE technically disables recording at the API level. You additionally commit not to record by any external means.
First Consultation Restrictions	For a patient consulting you for the first time: Schedule X drugs and Narcotic or Psychotropic substances cannot be prescribed. UBIQCURE's prescription system enforces this restriction technically.
Prescription Requirements	Every prescription must include: your full name, NMC registration number, consultation date, patient's full name and age, your clinical notes and diagnosis, drug name, dosage, frequency, duration, and your digital signature.
Refer When In-Person Examination Is Needed	If a physical examination is required for safe clinical management, refer the patient to an in-person provider. Do not prescribe without adequate clinical basis.
Minimum Consultation Duration	Do not issue a prescription unless you have genuinely consulted for at least 5 minutes. UBIQCURE's system tracks active consultation time.
No Anonymous Consultations	All patients must be identified via their UBIQID. Anonymous consultations are not permitted.

D.2 Instant Connect — On Duty

Toggle 'On Duty' in your Virtual Clinic portal to receive instant consultation requests from patients seeking an immediate video consultation. You must accept or decline within 2 minutes of an incoming request. Consistent declines while marked as on-duty will affect your eligibility for the instant connect pool.

D.3 Payout

Your payout is processed monthly for all completed virtual consultations. The exact payout rate is specified in your individual empanelment offer.

Schedule E

Diagnostic Centre / Laboratory**i NOTE**

This Schedule applies to Diagnostic Centres and Laboratories. All General Clauses above also apply.

E.1 How This Service Works

Your centre lists its test catalogue on UBIQCURE. Patients book tests — walk-in or home sample collection — through the Platform. Your team conducts the tests and uploads structured digital results. Results are automatically linked to the patient's UBIQID and instantly accessible through the patient's portal.

E.2 Your Obligations

48. Maintain all required licences — including your establishment licence and NABL/NABH accreditation where claimed — in full force at all times.
49. Keep your test catalogue on the Platform accurate and current: test name, sample type, preparation instructions, fasting requirements, turnaround time (TAT), and home collection eligibility.
50. Adhere to the published TAT for every test. Consistent TAT failures will result in lower placement in patient search results and may lead to suspension.
51. Upload results in the required format: individual biomarker values as structured numeric entries with units, AND a PDF report. Both are mandatory. A PDF alone is not sufficient.
52. For home sample collection: assign a registered phlebotomist, confirm sample collection in the app with GPS verification, and maintain the appropriate cold chain.
53. For critical values that are life-threatening: call the patient or parent directly within 1 hour of uploading results, in addition to UBIQCURE's automated alert.
54. If your NABL or NABH accreditation is suspended or withdrawn, notify UBIQCURE within 24 hours.

E.3 Payout

Your payout is processed monthly for all tests where results have been successfully uploaded and delivered. The exact payout rate is specified in your individual empanelment agreement.

Schedule F

Hospital / Clinic — OPD Appointment & Queue Management**i NOTE**

This Schedule applies to Hospitals and Clinics. All General Clauses above also apply.

F.1 How This Service Works

Your hospital or clinic lists its OPD doctors' consultation slots on UBIQCURE. Patients find your doctors, book slots online, and pay through the Platform. UBIQCURE's real-time queue system sends patients automatic alerts when their turn is approaching — reducing crowding in your waiting area.

F.2 Your Obligations

55. Designate a staff member to actively manage the UBIQCURE booking dashboard during all OPD hours — calling tokens, updating patient status, and managing the live queue.
56. Ensure all doctors listed under your profile hold valid, current NMC or State Medical Council registrations. Notify UBIQCURE within 48 hours of any change in a doctor's registration status.
57. Honour all appointments booked through UBIQCURE. If a session must be cancelled due to an emergency, notify UBIQCURE and all affected patients via the Platform's cancellation feature at least 2 hours in advance, or immediately if unforeseen.
58. Maintain clinical and hygiene standards consistent with applicable regulations and the standards your hospital or clinic publicly represents.

F.3 Payout

Your payout is processed monthly for all completed appointments. The exact payout rate is specified in your individual empanelment agreement.

Schedule G

Nodal Agent / Business Development Executive (BDE)**i NOTE**

This Schedule applies to Nodal Agents and BDEs. All General Clauses above also apply.

G.1 What This Role Involves

As a UBIQCURE Nodal Agent, you are an independent representative who identifies schools and refers them to UBIQCURE's eHRC health screening service. You have no authority to sign contracts on behalf of UBIQCURE, agree on pricing, or collect any payment from schools.

G.2 Your Obligations

- 59. Complete KYC (PAN card and bank account details) in your Nodal Portal before any payout becomes payable.
- 60. Use only UBIQCURE-approved marketing materials, brochures, and pitch decks available in your portal. Do not make representations about UBIQCURE's services or terms beyond what is stated in those approved materials.
- 61. Submit all school leads through your Nodal Portal or your unique referral link. Leads submitted by other means may not qualify for payout attribution.
- 62. Describe yourself only as a 'UBIQCURE Nodal Partner' or 'Authorised Referral Partner'. Do not represent yourself as a UBIQCURE employee or agent with authority to contract.
- 63. Do not approach any school already in UBIQCURE's pipeline without prior written consent from UBIQCURE.
- 64. Do not offer any discount, side deal, or additional incentive to a school on behalf of UBIQCURE. All terms are determined solely by UBIQCURE.

G.3 How You Earn — Milestone

Your tasks are milestone-based and are calculated automatically by UBIQCURE's system. The exact payout amounts per milestone are communicated in your empanelment offer. The milestones are:

Milestone	Trigger Event
1 — Agreement Signed	The school's agreement with UBIQCURE is signed AND the school's registration used your referral link
2 — Advance Received	The school's advance payment is confirmed as received by UBIQCURE
3 — Camp Done + Final Payment	The eHRC health camp is completed AND the school's final payment is confirmed
4 — Year 2 Renewal	The same school renews their UBIQCURE subscription for the next year
5 — Star Performer	You refer a qualifying number of schools in a single calendar quarter — as specified in your offer

G.4 Payout Attribution

- A payout is attributed to you only if the school's registration used your unique referral link, or if the school's lead was explicitly tagged with your UBIQID by UBIQCURE's Operations team.
- If two Nodal Agents claim the same school, the payout goes to the one whose referral link was used. If neither used a link, it goes to the one who first submitted the lead in the Portal.
- UBIQCURE's determination of payout attribution is final and binding.

G.5 Non-Compete

During the term of this Agreement and for 12 months after it ends, you agree not to represent, promote, or refer schools to any service that directly competes with UBIQCURE's eHRC school health screening service, and not to solicit any referred school to switch to a competing service. This restriction applies to the school health screening category only and does not restrict any other business activity you carry on.

Schedule H

Doctor Associate**i NOTE**

This Schedule applies to individuals who are authorised by a Partner Doctor to perform operational tasks on the Platform on the Doctor's behalf. All General Clauses above also apply.

H.1 What This Role Involves

A Doctor Associate is a person — such as a clinic receptionist, clinic manager, or practice administrator — who is authorised by a registered UBIQCURE Partner Doctor to carry out day-to-day operational and administrative tasks on the Platform on the Doctor's behalf. The Doctor Associate has a separate login on the Doctor Portal, with a defined scope of access set by the Doctor.

H.2 How a Doctor Associate Is Created

A Doctor Associate account is created by the Partner Doctor from within the Doctor Portal. The Doctor enters the Associate's name, phone number, and email, and defines their access scope. UBIQCURE sends login credentials to the Associate's registered phone and email. UBIQCURE does not independently verify Doctor Associates beyond the authorisation granted by the linked Partner Doctor.

H.3 What a Doctor Associate Can Do

- Update the Doctor's availability calendar and slot configuration.
- Manage the live OPD queue dashboard — call tokens, mark patients as arrived or in-consultation, update running-late status.
- Confirm patient arrivals and check patients into the queue.
- Update basic profile information such as clinic address, contact details, and clinic photographs.
- View booking history and appointment reports.
- Communicate with patients through the Platform's messaging tools for administrative purposes (e.g., appointment reminders, directions).

H.4 What a Doctor Associate Cannot Do

- Conduct a medical consultation of any kind.
- Issue, edit, or cancel any prescription.
- Sign or unlock any health record.
- View, download, or share any patient clinical data beyond what is needed for queue management.
- Make any changes to the Doctor's payout bank account details.
- Change the Doctor's NMC registration details or qualification information.

H.5 The Doctor's Responsibility for Their Associate

The Partner Doctor is fully responsible for all actions taken by their Associate on the Doctor's account. Any breach of this Agreement by a Doctor Associate is treated as a breach by the Doctor. The Doctor must immediately revoke

Associate access through the portal if the Associate's authorisation ends for any reason — such as resignation, dismissal, or change of role.

H.6 UBIQCURE's Right to Revoke Associate Access

UBIQCURE reserves the right to revoke or suspend a Doctor Associate's access at any time if: (a) the Associate violates any term of this Agreement; (b) the Associate's access poses a risk to patient data or platform security; or (c) the linked Partner Doctor's empanelment is suspended or terminated. UBIQCURE will notify both the Doctor and the Associate of any revocation.
